Journeymen Enhancement

Volume 22 • September 2009 - December 2009

## Training News

***Kennewick is Training! State-of-the-Art Facility Open House***

***.... Join Us*** Wednesday, September 9th ~ 4pm-7pm

---

## Goodbye Jim

Thanking JIM METZ for 29 years of hard work, influence and guidance for hundreds of carpenters.

*Happy Retirement.....he's gone fishing!*

## DIRECTOR'S NOTE

---

Dear Brothers and Sisters,

As proud members of the United Brotherhood of Carpenters, we are expected to show up for work with a full set of tools in our boxes. In most facets of our industry, our tools are to be sharp in order for us to be proficient and professional. To go along with these sharp tools, we sometimes need to hone our skills. In times of high unemployment, having more abilities and useful skills might keep you employed longer or might put you back to work sooner. All of our Training Centers throughout the state of Washington are equipped for continuing Adult Education.

We are happy to announce that the *New Training Center in Kennewick, WA* has been completed and an *Open House* will be held on *Wednesday, September 9, 2009 from 4p.m. - 7p.m.* All members are welcome to stop by the state-of-the-art facility at *4208 Clearwater* to see what is available for skill enhancement. I am sure you will be impressed and will want to return to participate in a class or two in the near future.

Most of our instructors have been involved in training for themselves to assist them in the classrooms and on the shop floor. Our goal is to provide the newest and best curriculum available to all members and have the state of Washington recognized as one of the best training programs throughout the brotherhood.

Don't hesitate to sign up for a class. Feel free to call the Training Center nearest you to register. Remember: Sharp tools and a sharp mind combined with a good work ethic will provide for you and your family for many years.

In closing, I want to thank Jim Metz for all his hard work, influence and guidance for hundreds of carpenters during his 29 years of employment with the Training Trust Fund. A wonderful retirement party was held in June and Jim is now enjoying his family and fishing buddies. We wish the best for Jim in his new adventures.

Respectfully,

Tommy Flynn  
Training Director

**Your ability to learn faster than your competition is your only sustainable competitive advantage.**

~ Arie De Gues

# TRAINING CLASSES

## Acoustic T-Bar Grid

(8 hours)

**\*REQUIRED: ALL HAND TOOLS, HARDHAT, BOOTS, AND SAFETY GLASSES.**

This class covers laying out a project from a drawing. You will learn how to install hanger wires, wall angle, main runners (tees), and cross tees.

**L.A.D.S SATELLITE TRAINING CENTER**

**MUKILTEO**

10/3 S 7:00am - 3:30pm

## Aerial Lift/Man Lift

(8 Hrs)

This Course covers safe operation and inspection procedures for both self propelled elevating work platforms (scissors lifts) and boom supported elevating work platform. OSHA and ANSI standards will also be covered. PPE and other safety equipment will be

reviewed. Hands on operating skills will be evaluated. Qualification cards will be issued upon completion.

**COLUMBIA BASIN TRAINING CENTER**

**KENNEWICK**

11/14 S 7:00am - 3:30pm

**SOUTH PUGET SOUND CARPENTERS TRAINING CENTER**

**BATES COLLEGE - SOUTH CAMPUS/TACOMA.  
BLDG B512**

11/21 S 7:30am - 4:00pm

**NORTH PUGET SOUND CARPENTERS TRAINING CENTER**

**MOUNT VERNON**

9/18 F 7:00am - 3:30pm

**SPECIALTIES TRAINING CENTER**

**KENT**

**\*OPTIONAL BOOK PURCHASE FEE (EXACT CASH OR CHECK):  
\$6.23 - AERIAL LIFTS.**

9/8 T 7:00am - 3:30pm

11/30 M 7:00am - 3:30pm

## Best Practices in Health Care

(24 Hrs)

**\*REQUIRED BOOK FEE: \$15.96**

Best Practices in Health Care Construction is a 24 hour Qualification Course that teaches the proper procedures and protocols for safe working in an occupied health care facility. This course covers various methods of building barriers to control the spread of Contaminants, Administrative controls, work place etiquette, Mold Remediation, Blood Borne Pathogens, and Hazardous Material Awareness.

**COLUMBIA BASIN TRAINING CENTER**

**KENNEWICK**

10/9, 10

& 11 F, S & Su 7:00am - 3:30pm

12/11, 12

& 13 F, S & Su 7:00am - 3:30pm

### Blue Print Reading I

(16 Hrs)

Lines, Symbols, abbreviations, and schedules are studied on residential blueprints. Three view drawings, details and basic math calculations will be covered.

**EASTERN WASHINGTON NORTHERN IDAHO  
CARPENTERS TRAINING CENTER**

**SPOKANE**

12/12 & 13 S & Su 7:00am - 3:30pm

### Blue Print Reading — Basic

(24 Hrs)

**\*NOTE TO APPRENTICES: HOMEWORK MUST BE COMPLETED  
PRIOR TO FIRST DAY OF CLASS.**

This course is designed to introduce and/or reinforce concepts commonly found in prints. These include: symbols, abbreviations, and drawing conversions. Sketching principles and practices in 3D view drawings with pictorial form are included.

**KING COUNTY CARPENTERS TRAINING CENTER**

**RENTON TECHNICAL COLLEGE, BLDG L**

11/10, 12,

17, 19 T, Th 5:00pm - 9:00pm

& 11/14 & S 7:00am - 3:30pm

12/8, 10, 15,

17 T, Th 5:00pm - 9:00pm

& 12/12 & S 7:00am - 3:30pm

**SOUTH PUGET SOUND CARPENTERS TRAINING CENTER**

**BATES COLLEGE - SOUTH CAMPUS/TACOMA.**

**BLDG B512**

10/6, 13,

20, 27,

11/3, 10 & 17 T 5:00pm - 8:30pm

### Bridge — Slab Girder

(24 hours)

**\*MAXIMUM 10 PARTICIPANTS.**

**\*OPTIONAL BOOK PURCHASE: \$28.90.**

**REQUIREMENTS: NORMAL WORK ATTIRE, SAFETY GLASSES,  
HARDHAT, PAPER, PENCIL, TOOL BELT WITH BAG, HAMMER,  
SPEED OR COMBINATION SQUARE, MEASURING TAPE, 12"  
ADJUSTABLE )CRESCENT WRENCH, PLIERS, CAT'S PAW, NAIL  
BAR AND CHALK LINE.**

This course covers the basic safety, hardware and procedures associated with the construction of a slab girder bridge using pre-cast, pre-stressed girders.

**EASTERN WASHINGTON NORTHERN IDAHO  
CARPENTERS TRAINING CENTER**

**SPOKANE**

10/16 F 5:00pm - 9:00pm

& 10/17, 18 & S, Su 7:00am - 5:30pm

### Boom Truck

(16 Hrs)

**\*TOOLS REQUIRED: TAPE MEASURE, HARD HATS, SAFETY  
GLASSES, GLOVES, AND NORMAL WORK ATTIRE.**

This course covers current regulations, safe operations, inspections, and "hands-on" evaluation on a Boom Truck.

**NORTH PUGET SOUND CARPENTERS TRAINING  
CENTER**

**MOUNT VERNON**

12/18 & 19 F & S 7:00am - 3:30pm

**SPECIALTIES TRAINING CENTER**

**KENT**

**\*REQUIRED WORK BOOK FEE (EXACT CASH OR CHECK):  
\$19.00 - Ivy's BOOM TRUCK OPERATOR.**

9/9 & 10 W & Th 7:00am - 3:30pm

12/1 & 2 T & W 7:00am - 3:30pm

### Construction English

(8 Hrs)

This course will introduce the student to learning English for Special Purposes (ESP) specifically for English for Construction. It emphasizes the four language skills - speaking, listening, reading, and writing - in conversation setting.

The program focuses on preparing the student for English that is necessary for basic career information and vocabulary for the construction industry - especially relating to safety on the construction site.

**L.A.D.S TRAINING CENTER**

**KENT**

9/19 S 7:00am - 3:30pm

12/19 S 7:00am - 3:30pm

### Crown Molding

(8 Hrs)

**NORTH PUGET SOUND CARPENTERS TRAINING CENTER**

**MOUNT VERNON**

11/6 & 7 F & S 7:00am - 3:30pm

### CSTOP — (Contractor Safety Training Orientation Program)

(8 Hrs)

Contractor Safety Training Program is an 8 hours basic safety training course which ensure that construction site workers have a basic understanding of industrial safety before starting work at a site. It is a requirement by some employers to be able to work on their sites, such as the refineries and pulp mills.

**NORTH PUGET SOUND CARPENTERS TRAINING CENTER**

**MOUNT VERNON**

9/12 S 7:00am - 3:30pm

10/17 S 7:00am - 3:30pm

11/21 S 7:00am - 3:30pm

12/19 S 7:00am - 3:30pm

**SPECIALTIES TRAINING CENTER**

**KENT**

**\*REQUIRED BOOK FEE (EXACT CASH OR CHECK):  
\$17.50 - C-STOP GUIDE**

10/15 Th 7:00am - 3:30pm

12/21 M 7:00am - 3:30pm

**\*\*UBC ID NUMBER REQUIRED UPON REGISTERING FOR A CERTIFICATION CLASS**

## Drywall Finishing

(8 Hrs)

This course covers Drywall Finishing beginning with basic use of hand tools, AMES® automatic tools, applying trims, tape and finish levels of taping compound.

### L.A.D.S TRAINING CENTER

10/10 S 7:00am - 3:30pm

**MSF 06 – CHAMFERED CEILINGS (8 Hrs)**

This class consists of laying out the project from a plan, building three full height walls, and a curtain wall. The student then frames a chamfered ceiling (45°) elements around the four sides of the project.

**L.A.D.S TRAINING CENTER  
KENT**

10/17 S 7:00am - 3:30pm

**MSF 07 – BARREL CEILING, ARCHED SOFFITS (8 Hrs)**

This class consists of laying a project out from a plan. Students will build three full height walls, curtain walls with an arch, two curtain walls that make up the sides of the area, and a semicircular ceiling is framed between the two parallel curtain walls.

**L.A.D.S TRAINING CENTER  
KENT**

10/24 S 7:00am - 3:30pm

**MSF 08 – RADIUS WALLS, SOFFITS (8 Hrs)**

This class consists of laying a project out from a plan. Students will learn to install

top and bottom tracks, install wall studs, frame soffits, and curtain walls which form a semicircle.

**L.A.D.S TRAINING CENTER  
KENT**

10/31 S 7:00am - 3:30pm

**MSF 09 – BASIC BLUEPRINT READING AND SPECIFICATIONS (8 Hrs)**

This covers architectural drawings including definitions, wall types, and life/safety.

**L.A.D.S TRAINING CENTER  
KENT**

11/7 S 7:00am - 3:30pm

**MSF – 10 DRYWALL GRID & SOFFITS (8 Hrs)**

This class offers classroom and shop time focused on the use of drywall grid ceiling systems in constructing flat, barrel and dome ceilings and different soffit configurations. Participants will learn how to layout the project from a plan.

**L.A.D.S TRAINING CENTER  
KENT**

11/14 S 7:00am - 3:30pm

### Millwright Safety 16 Hours

(16 Hrs)

**\*PARTICIPANTS COMPLETING THIS COURSE WILL RECEIVE A MILLWRIGHT 16-HOUR CARD, AND A SMART MARK QUALIFICATION CARD.**

This course will discuss safety and health problems affecting millwrights, and methods to prevent serious illnesses and injuries. This course is a prerequisite for the Siemens Westinghouse CT Program and the GE Gas Turbine Qualification Program, it is also highly recommended for the USPS Bulk Mail Qualification Program.

11/21 S 7:00am - 3:30pm

## Rigging

(40 Hrs)

\*TOOLS REQUIRED: TAPE MEASURE, HARD HATS, SAFETY GLASSES, GLOVES, AND NORMAL WORK ATTIRE.

\*MINIMUM 6 STUDENTS.

\*4 YEAR CERTIFICATION CARD UPON COMPLETION

A large percentage of accidents in the construction industry are related to material handling (Rigging)! This course covers in detail rope, sling, and connection capacities. Learn how to determine the right size sling or choker for the job, and how to calculate the effects of sling angle in the capacity of rigging hardware. This class includes interactive lecture sessions and emphasizes hands-on training with an overhead crane.

# Trade Show Training

## TRADE SHOW TRAINING

---

*The Trade Show Training program has been developed to provide specialists with the skill resources they need to succeed in the Trade Show Industry. Training classes for specific work disciplines allow for the skill development of the specialists throughout their career. The classes are also designed to supply skilled, reliable labor to the Trade Show industry.*

Anyone who stops learning is old,  
whether at twenty or eighty.  
~Henry Ford

## Trade Show Training

\*OPTIONAL BOOK FEE (EXACT CASH OR CHECK): \$35.34 - TRADE SHOW INSTALLATION AND DISMANTLING.

\*\*WORK ATTIRE & WORK BOOTS ARE REQUIRED WHEN ATTENDING CLASS.

### CARPET (TRADESHOW) (8 hours)

Trade show carpet installation and removal, safety regulations, necessary tool's and equipment, terminology, carpet plans, cutting and taping will be covered in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/12 M 7:00am - 3:30pm

12/14 M 7:00am - 3:30pm

### FLOOR LAYOUT (8 hours)

This course will study trade show floor plan symbol interpretation, exhibit hall layout, and the different types of exhibit booths found on the show floor in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/15 Th 7:00am - 3:30pm

### FOREMAN (TRADESHOW) (28 hours)

\*THIS CLASS IS FOR QJM RETENTION

This course covers duties of trade show foreman as required by the trade show industry.

#### SPECIALTIES TRAINING CENTER

##### KENT

11/17,  
18, 19 T - Th 7:00am - 3:30pm  
& 11/20 F 7:00am - 11:00am

### HIGHWALL (8 hours)

This course covers the installation and disassembly of high wall trade show pipe and drape systems (9 - 25 feet). Tool safety practices and equipment required will be covered in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/16 F 7:00am - 3:30pm

12/17 Th 7:00am - 3:30pm

### I & D

(8 hours)

This course covers the proper procedures of installation and disassembly of trade show exhibits such as panel, and pop-up displays. Safety practices, tools and various equipment required along with special and common features of these displays, will be covered in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/13 T 7:00am - 3:30pm

12/15 T 7:00am - 3:30pm

### I & D ADVANCED (20 hours)

\*THIS CLASS IS FOR QJM RETENTION

This course covers the proper procedures of installation and disassembly of custom trade show exhibits. Safety practices, tools and various equipment required along with special and common features of these displays, will be covered in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

9/14, 15 M, T 7:00am - 3:30pm  
& 9/16 W 7:00am - 11:00am

### MATERIAL HANDLING (8 hours)

This course covers the proper procedures for handling materials during installation and disassembly of trade show exhibits. Safety practices, tools and various equipment required such as forklifts, pallet jacks, and hard trucks will be covered in the classroom and lab demonstrations.

#### SPECIALTIES TRAINING CENTER

##### KENT

12/18 F 7:00am - 3:30pm

### ORIENTATION (TRADESHOW) (16 hours)

This course is an overview of the trade show industry including types of shows, floor plans, permits, signs, graphics, furnishings, and services provided by promoters and contractors. The responsibilities of the trade show employee such as job function, proper conduct and required tools will be covered.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/1 & 2 Th & F 7:00am - 3:30pm

12/3 & 4 Th & F 7:00am - 3:30pm

### OSHA 10

(10 hours)

\*THIS CLASS IS FOR QJM RETENTION

\* A CERTIFICATION CARD WILL BE AWARDED UPON COMPLETION.

This class is designed by the U.S., Department of Labor with the purpose of making our job sites safer and to limit job site accidents and injuries. The 10-hour Construction Safety course provides an overview of the OSHA safety and health standards for the construction industry. Participants learn about the rights and responsibilities of both the employee and the employer.

11/16 M 7:00am - 5:30pm

### SYSTEMS (8 hours)

This course covers trade show systems, installation removal procedures, safety requirements, and the special as well as common features of systems displays. The responsibilities of the trade show worker such as job function, proper conduct, and required specialized tools will also be covered.

#### SPECIALTIES TRAINING CENTER

##### KENT

10/14 W 7:00am - 3:30pm

12/16 W 7:00am - 3:30pm

### SYSTEMS ADVANCED (20 hours)

\*THIS CLASS IS FOR QJM RETENTION

This course covers trade show exhibition systems, installation and removal procedures, safety requirements, and the special as well as the common features of system displays. The responsibilities of the trade show worker such as job function, proper conduct, and required specialized tools will also be covered.

##### KENT

9/16 W 12:00pm - 4:00pm

Name on the Card: \_\_\_\_\_ Expires: \_\_\_\_\_

Card Number: \_\_\_\_\_ CSC (3 digit code): \_\_\_\_\_

### **WABO Welder Certification Policy:**

1. Carry your card with you on the job at all times.
2. Welders are **NOT** permitted to sign their own name in the "Signature of Employer."
3. Lost or damaged cards must be replaced prior to renewal. The fee is \$20. Please request a replacement card **in writing**, include the fee, and send to the WABO office.
4. The cost to renew is the same no matter how many certifications you hold.
5. Altered or forged certifications are not accepted and are subject to revocation of the certification for up to three years.
6. Falsification of signature is subject to revocation of the certification.
7. A requalification test is required for welders not engaged in the welding process for over six months.

**Copies of the SIGNATURE FORM are available on the WABO website:**

[www.wabo.org](http://www.wabo.org)
